

## Why choose us

# People Connect

**Mental health is a growing business issue, and direct and indirect costs related to mental illness are increasing.**

People Connect , our mental health resource centre provides tools and services designed to support employers, people leaders, and employees.

The People Connect solution helps employers mitigate the risks and costs associated with poor workplace health practices by providing access to training programs including: mental health first aid, peer program development, and more.

People leaders are provided access to educational programs that are specifically designed for their role through support seminars and virtual training.

Employees and their eligible dependants benefit from access to information, support, and tools including: a knowledge forum of shared articles and resources, videos and podcasts, an online behavioral assessment, virtual therapist selection, and webinars.

# Bioscript pharmacy

**Bioscript is a national pharmacy that specializes in the dispensing and delivery of biologic, injection, infusion, and other specialty medicines.**

Their services centre on supporting patients in dealing with their conditions. Bioscript provides medication for a very specific group of conditions so their knowledge of those conditions and the related treatments is in depth. They help to ensure medications

are stored properly, taken on time and in the right dosage. This type of care results in patients getting the most out of their treatments and potential for side effects is kept to a minimum.
