

VILLAGE CONFERENCE CENTRE (242 Jozo Weider Blvd, Blue Mountains, ON, L9Y 3Z2)

TRAFFIC: For larger shows it is highly recommended to schedule your vendor load in & out to avoid traffic congestion.

PARKING: Please note the town does not allow vehicles to stop on Jozo Weider Blvd or along the driveways (only designated parking spaces). Parking tickets are administered by the Town of the Blue Mountains, not Blue Mountain Resort.

-  CAR LOAD IN
-  TRUCK LOAD IN (loading dock)

Courts Load In (loading dock with dock leveler)

COURTS LOADING DOCK: This loading dock is located on a narrow driveway, and therefore a transport trailer **cannot** back up directly to the loading dock. This means that the truck must have its own method of getting the load to the ground (hydraulic tailgate or forklift ~ Blue Mountain does not have a forklift). Once the load is on the ground, Blue Mountain can assist with a pump truck to get the load onto the loading dock and into the Courts.

COURTS FLOORING: Flooring in The Courts is a hard, rubberized, pale grey tennis surface, and weight distribution for heavy objects can be a concern. If you have any heavy objects that have feet, the feet would need to be put on plywood or carpet to distribute the weight evenly, so as to not leave indents in the floor. When moving heavy objects, please be careful to not drag them, as they can tear the floor surface. Any damage to the floor will result in a charge to the party responsible.
